

2018 MISSA Fall Rankings 10/16/18

This Fall, sixty three (63) high school teams have competed as a full team in at least two MISSA sanctioned regattas and earned points towards rankings. Results of each regatta are weighted based on assigned MISSA Regatta Tier and the number of full (*not mixed*) high school teams competing (note each HS is counted once - *duplicates are excluded*). The top three YTD results of each school are used to determine overall rankings. Eighty four (84) teams have competed in at least one MISSA sanctioned event as a full team. Two (2) schools have competed as a full team in eleven (11) MISSA sanctioned events.

The rankings below include the results of this past weekend's Tier 2 regional qualifiers for the MISSA Great Lakes Championship.
