

How are the dues paid to the Interscholastic Sailing Association used?

- To fund the ISSA administrative office as a resource for answers to questions about all aspects of high school sailing from starting a team to qualification and participation at national championships. The office is staffed with people who can assist with team registration each fall, troubleshoot problems, work with new teams to gain approval from their school, and assist regatta hosts each weekend.
- To fund the maintenance and upkeep of the website including districts websites that help to keep teams informed of race schedules, rules, district leadership, regatta hosting help, news, and media.
- To fund a live online scoring program so results can be shown in real time and family members can keep track of their sailor's results at anytime from anywhere in the world. This program can be used on any device with an internet connect instead of being tied to a laptop printing results after each race.
- To fund the production and printing of the ISSA Procedural Rule book which is sent to each team annually, coaches handbooks, and promotional material that can go to school administrators and new program starters.
- To fund insurance coverage for regatta liability, board members, volunteers and host venues.
- To pay for trophies and sailor medals at the national championship regattas.
